

Do you have payment plans?

The fee we quote for orthodontic services is due and payable at the beginning of treatment. If you are interested in knowing how the fee is structured:

- 35% applied to diagnosis, treatment planning and appliance design/placement
- 30% applied to the first half of orthodontic treatment,
- 35% applied to the second half of treatment, braces removal, one set of retainers and one year of follow-up with retainers

PAY IN FULL

If you choose to pay in full at the beginning of orthodontic treatment, a 5% administrative discount is provided to you. (This discount is provided to you since we do not have to print coupons, provide mailing envelopes and deposit your checks monthly.)

PAYMENT PLANS

You may choose a payment plan. We offer 0% APR financing with low to no down payment. Payment is scheduled to be completed approximately when active treatment is scheduled to be completed. We need to perform a credit check for this option to be offered.

For your convenience and at no cost to you, you may elect to have us automatically draft at the first of the month from your bank account the monthly amount due. Alternatively, we can charge your credit card for the monthly amount due. Otherwise, we will print payment coupons and provide envelopes for you to mail to our office along with your check due on the first of the month.

For those who would like to have payment plans that extend beyond the time braces treatment is scheduled to end, or for those who do not qualify for 0% APR financing, we offer payment arrangements through Capital One® Healthcare FinanceSM. They offer payment plans with up to 60 months to pay with no down payment, fixed monthly payments and fixed low interest rates. For more information or to apply, call toll-free 1-877-559-5050, or apply on-line at www.capitalonehealthcarefinace.com
